## ALL NORTH.

-Col. Shaw is on the Comstock. -Lost-A gold fire pin. The finder will leave it at this office. -George Layson Sr. has gone below on a two week's furlough.

-WANTED-A girl to do general housework. Apply at this office.

-Information is accessible that the Reno earthquake was manufactured by the Journal to advertise the town.

-The jockey who's flyer would knock the persimmons. Gets his nag shod at J. R. McCrimmons.

-Just received at A. Bergman's, 25 dozen Boys' Pants from 50 cents up, also a few dozen Calico Waists, at 25 cents each. sep41f

-The opposition to Adams claim 62 votes, distributed as follows: Churchill 5, Elko 11, Eureka 12, Humboldt 11, Lincoln 5, Lyon 7, Washoe 10, White Pine 4.

-Will U. Mackay went to Elko last evening to attend the Democratic Convention. He will from there go East to attend the Knights of Labor Convention as a delegate from Nevada.

-There has been no attempt to break jail for several months at the State Prison. In fact not a single man has attempted to escape since George Hark got the contract for furnishing meat for the institution. If some people outside knew how good the prison meal was they would get there.

-The gloomy fears, the desponding views, the weariness of soul that many complain of, would often disappear were the blood made pure and healthy before reaching the delicate vessels of the brain. Ayer's Sarsaparilla purifies and vitalizes the blood; and thus conduces to health of body and sanity of mind.

-A. B. C. Cranston, floor-walker for Stern Brothers, 32 West Twenty-third street, New York, together with his wife, was troubled with malaria for upwards of two years. They both were entirely cured by taking one or two Brandreth's Pills every night for three months, without interfering with their labor or household duties.

-Ayer's Aque Care, when used according to directions, is warranted to eradicate from the system all forms of malarial disease, such as Fever and Aque, Chills, Intermittent, Remittent, and Bilious Fevers and disorders of the Liver. Try it. The experiment is a safe one, and will cost you nothing if a cure is not effected.

### Miss Belle Moore.

This charming actress will appear at the Carson Opera House September 21 under the management of John Piper, in the beautiful drama, "A Mountain Pink." Of Miss Moore the Little Rock, (Ark.) Democrat says:

The audience at the Grand last night was perfectly delighted with "A Mountain Pink," as rendered by Miss Moore and her company. She captured the audience with her first appearance and though her first part in the play consisted of three-fourths of the hard work, she never tired and did not refuse to repeat when recalled. The play is recognized as one of the best melodramas, and Miss Moore as an actress is equal if not superior to the play. The ballads she sings and her manner of wedding them in a part of the play is so skillful that "A Mountain Pink" presented without them would be shorn of half its beauty and attractiveness.

### Charley Bray's Mine.

Charley Bray has recently located a mine called the Northern Light, in Wellington District. He is connected in the enterprise with Lee Winnie and J. Lappan. He recently received from the Morgan mill, from 1,500 lbs of the ore, a brick containing \$22 24 gold and \$5 03 silver, in all \$27 31. The ledge where they now are is but little over a foot wide and quite near the surface. It is increasing in depth and richness. It is proposed to erect a small mill in this district as several other claims in the vicinity are panning out well and with a mill close at hand all these claims would pay. There is plenty of ledges out there that only need a little enterprise and elbow grease to develop. People who sit around Carson and growl about hard times would be doing better to be out there developing the resources of the State.

## A NON-PARTISAN STRAW.

Which Shows which Way the Non-Partisan Wind Blows.

The non-Partisan organ of this city, on last Saturday evening published the following strictly non-partisan item:

"On the 1st instant Mr. D. Circe of the Carson Exchange was compelled to employ Chinese cooks, as his white cook, Mr. Williams, quit him without a moment's warning; would not take bread out of the bake oven. Mr. Circe begged him to cook breakfast and give him a show to get another cook, but he would not. Mr. Circe has written for white cooks and will discharge the Chinese as soon as he can get competent white help. His has been a case of clear necessity."

"A case of clear necessity" is good, coming as it does from a source which a few weeks ago refused to admit any such thing as a clear necessity in anything connected with a hotel kitchen.

Mr. Circe is a Democrat, and it not being in the province of the non-Partisan organ to abuse anybody but regular Republicans, it only apologized for Mr. Circe when necessity compelled him to employ a Chinese cook. When a Democrat employs Chinese by reason of sudden necessities the matter is deftly smoothed over, but were a Republican compelled under the same circumstances to employ a Chinese cook the non-Partisan organ would pay its respects to him something after this fashion:

### SLAVE LABOR ENCOURAGED.

Yesterday Mr. —, who a few months ago signed a solemn covenant along with eight hundred honorable citizens of Carson, not to employ Mongolian slave labor, installed a moneyed Celestial in his kitchen as a cook. The excuse that he was compelled by necessity to his course will not go down with the self-respecting and intelligent voters of this free American community. We would like the leaders of the Republican party in this county who countenance and encourage this nefarious work to categorically answer a few questions respecting this outrage.

Do the leaders of the Republican party and their slippery horses still propose to flout Mongolian slave labor in the faces of this honest community and continue to make an abiding place among a free and uncontaminated people for these pained lepers of the Orient? We ask these categorical interrogatives in good faith and shall demand in the name of a free people immediate answers thereto. If these questions are not answered now they will be answered at the polls, and Wm. Stewart and his Mongolian minions shall no longer insult the intelligence of a free and self-respecting people. We propose to teach the lovers of Mongolian slaves salutary lessons in real Republicanism.

### A Long Drink.

About a week ago A. Markley and Frank Thorne went up in the valley in a wagon. They had been drinking a little. At the flume Thorne got out and Markley drove the team off and was next day heard of in Jack's Valley. Here he unhitched the team and let it go while he trudged back afoot. He was arrested on a complaint sworn to by Thorne and charged with stealing the horses. He was allowed to go on his own recognizance a few days ago because Thorne was not there to prosecute.

Yesterday the case was called and he was there, still drunk, and the Justice sent him to jail to sober up. It is the general idea that the horses ran away with him and he was too drunk to stop them.

After a hearing the case was dismissed.

### School Books.

We have on hand at the Pioneer Book Store of J. G. Fox, a complete stock of all books used in the schools of this State. Also a full line of school stationery at reduced prices. Harper's New Geographies exchanged for Cornell's.

## THE INTERNATIONAL RACE.

America Again Beats the Englishmen.

Special to the APPEAL.

NEW YORK, Sep. 7.—The International yacht race today resulted in a victory for the Mayflower. The wind was strong, and a fine sea, in which the Mayflower could show her splendid sailing qualities. After rounding the stake boat she began to pull away from her English competitor, and the Galatea, although magnificently handled, was unable to regain the lost water. The Mayflower came in with top-gallants reefed and bounding over the water like a grayhound. Before reaching the stake boat there was an accident to her jib-boom, which was immediately repaired. The crew were cheered as they came in, and were treated to an ovation at the landing. The Mayflower beat her rival 12 minutes and 6 seconds.

### Answers to Correspondents.

MUGWUMP.—Yes, Carson is a good place for sore heads. We would not advise you to leave Kalamazoo, however, if you are doing at all well there.

INDIAN AFFAIRS.—No, Geronimo has not escaped during the last two days.

BOURBOX PROXY.—We are not dealing in that class of goods now. Communicate with Hook Mason.

TYPOGRAPHICAL TRAMP.—Come here by all means. There is room for still another paper of the kind you mention. You can save an editor's fare by picking him up here.

ACTRESS.—We much regret the loss of your valuable diamonds, but cannot express our feelings of sorrow short of \$25 a column.

JUDGE HEALEY.—If you do not have a poem here by Thursday, we shall be compelled to drop you from our list of contributors. We have waited until our patience has become exhausted.

### Excessively Prejudiced.

Carson, September 5. Editor Gazette.—In view of the record made by Senator Stewart in the United States Senate, at the time that a strenuous effort was made by a large number of the most able Senators of the East to extend the elective franchise to the Chinese, it seems in bad taste for the Carson Union and its immediate followers to charge him with a will ingness to see the free white laborers displaced by pagan coolies. If the Union intends to conduct its part of the approaching campaign in a spirit of fairness, it will not again class Mr. Stewart among the enemies of free labor, but will give him the full credit for the defeat in the United States Senate of the proposition of Sumner, Trumbull, Schurz and others to extend to the Mongolian serfs the right to become naturalized citizens of this country.

### FAIR PLAY.

### Good Horses Coming.

The best horses ever seen in the State are coming to the Fair this Fall. Kate Bender, Apex and others of Hodson's stable. Todhunter's Maude W., Pocahontas, Prince, Shaker and Mink. Todhunter's \$5,000 eastern horse John A., the well known Woodland trotter, Lucy, Hick's Empress and Chico; Lynch's stable of runners, Pashaw's Phallus, the great trotting stallion; Tryon's Altamont, Prichard's Lady Lewiston and Liz-zie Dunbar; the runner Stoneman, all from the west side of the Sierras. What our home folks will do remains to be seen, but they will hold up their end as usual. The California folks are very anxious for a 2:30 and 2:40 race and say they will fill strong.

### The Buckler.

The newspaper reader who reads a dignified editorial in the daily press against bossism and doesn't see the proprietors and solicitors of the papers chasing the bosses for the stipend for newspaperlies. It is quite an edifying sight to see Mr. Fitch at the head of the line, with Billy Bunker close on his heels on Commercial street, and Mr. Pickering, with Mike de Young elbowing him to crowd to the ticket window on Bush street.—San Francisco Rep.
